Adjustable brightness with easy controls on the app.

With an adjustable wall light of up to 700-lumen, the LC3 provides easy, energy-saving custom lighting with simple controls using the EZVIZ App.

Superior details with higher resolution.

Thanks to its 4MP camera, the LC3 excels at delivering high-quality imaging with sharp details. It's ideal for even large space monitoring.

2MP (1920×1080)

4MP (2560×1440)

Clear and colorful imaging, even at night.

The LC3 provides extra support to late-night surveillance thanks to its color night vision feature, which can be automatically or manually switched on with the use of the built-in light*.

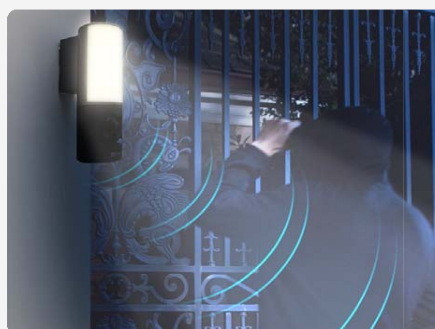

*The color night vision mode will be enabled when the LC3 light is at the highest brightness.

AI-powered person detection for more accurate alarm.

24/7 protection with 100-dB siren and flash spotlights.

Adjustable camera angle for optimal coverage.
