PrimeTest PRO TEST KIT

TEST & TAG KIT WITH ADVANCED FEATURES
Fully Portable, Data Logging, Easy to Use & Great Value

The PrimeTest PRO TEST KIT provides users with AS/NZS3760 test and tag technology that is more advanced than any other system on the Australian market at an affordable price.

■ COMPLETE TEST & TAG SYSTEM
The PrimeTest PRO TEST KIT includes everything that you need: tester, tag printer, reporting software and carry bag, from Seaward Ltd, Australia's No. 1 in test and tag for over 35 years.

■ IN-BUILT KEYBOARD
No need for additional tablet or mobile device that you lose or break. Data entry is fast and efficient with the on-board QWERTY keypad. It's a practical solution to create efficient and accurate data all on one device.

■ USB FOR DATA UPLOAD/DOWNLOAD
Just plug in your USB cable to download, upload or back-up your data. No need for Bluetooth PC drivers.

■ IN-BUILT ISOLATION TRANSFORMER
No more carrying around an additional isolation transformer. This in-built function is essential and time saving. Test your portable RCDs with no worry of tripping the RCD at the DB board.

■ BATTERY & MAINS POWER
Not only is the tester mains and battery powered, it automatically charges the batteries whenever you're plugged into mains power.

■ PATGUARD 3 SOFTWARE
Includes a FREE 1 year subscription for Seaward PATGuard 3 Asset Management and Reporting software. Create reports effortlessly and convert to PDF format, ready to email or save to site records.

■ ANDROID USB ON-THE-GO SUPPORT
Located off-site or remote, no problems. You can use On-The-Go to email your data to the office. No additional software license required.

■ PRO TEST KIT RUCK SACK
Comes complete with Seaward's heavy duty ruck sack. Large enough to fit all your KIT, tags and accessories. Makes transporting your KIT on-site easy while protecting your investment.

PrimeTest PRO - Appliance & RCD Testing

The Primetest PRO has Pass/Fail limits set to AS/NZS3076. Bluetooth and USB technology for fast communication with your PC to download test results and interface to test tag printer and bar code scanner.

Seaward	Features
PrimeTest PRO	
Display	Colour LCD
Indication	Pass/Fail, Reading
Operation	Alpha-numeric Keypad
Interfaces	Bluetooth & USB
Leads	Earth Bond, IEC Lead, USB
Carry Case	Heavy Duty Ruck Sack
Dimensions(LxWxH)	230 x 150 x 100mm
Weight	1.5kg

Seaward	Tests Performed
PrimeTest PRO	
Lead & Socket Polarity	Yes
Earth Continuity & Continuity	200mA
Insulation Resistance	250V/500V DC, 1Mohm
Class I Leakage Current	5mA
Class II Leakage Current	1mA
MOV Devices Class I Leakage Current	5mA
MOV Devices Class II Leakage Current	1mA
Cord Extension Sets Leakage Current	1mA
RCD Test	10mA & 30mA
Power Socket Test	Yes
Power Source	Mains or rechargeable

Seaward	Results Displayed
PrimeTest PRO	
Polarity	Pass/Fail
Earth Continuity	Pass/Fail/Value
Insulation Resistance	Pass/Fail/Value
Class I & II Leakage	Pass/Fail/Value
RCD Test	Pass/Fail/Value
User Defined Tests/Routines	Pass/Fail/Values

ProTag PRO - Options

ProTag PRO	Features
ProTag PRO	
BCS-BT	Bar Code Scanner
PAC-TPL	3 Phase Leakage Adaptor
TPI Series	3 Phase Insulation Test Adaptors
RCD-3P	3 Phase RCD Adaptors

Power User Features

Seaward	Features
PrimeTest PRO	
Internal memory stores 10,000 records	
Clone facility to set-up multiple testers	
Multiple test tag label formats	
User down-loadable test tag company logos from tester to printer	
In-built isolation transfomer for RCD testing without downstream problems	
Supports Android USB on-the-go for immediate data transfer/emailing	
Quick Mode user interface for faster repetitive testing	

PATGuard 3 - Software

Professional level reporting and asset history software. Automatically generates customer and test history database guaranteeing accountability and data reliability.

Seaward	Features
PATGuard 3	
Automatic record generation	
Icon style display easy to navigate	
Drag & Drop asset management	
Automatic asset re-location	
Full test history per asset maintained	
Asset tracking and asset management	
Download preview feature	
Wide range of test reports	
Windows based test record database	
Test certificate report for tester	

OPTIMA ...Test Tag Printer

Print durable and permanent synthetic test tags within seconds from the Primetest PRO via Bluetooth.

OPTIMA Printer	Features
OPTIMA Printer	
Print Method	Thermal Direct
Print Resolution	203dpi
Interfaces	Bluetooth
Dimensions	149 x145x76mm
Weight	860g
Power Source	Lithium-ion battery
Drop Strength	1.5m to concrete
Consumables	OPT synthetic test tags. 250 per roll.
