

# VERSA-LITE®

## COMPACT SERIES PORTABLE HANDLAMPS 24-32VAC

- Robust maintenance free construction
- Highly efficient long life SMD's with integrated extra low voltage driver
- Integrated endcap On/Off switch with LED power on indicator light
- Thermoplastic anti-roll finned end caps
- Advanced polycarbonate UV stabilised outer case with internal prisms and opal diffuser
- Oil, petrol and corrosion resistant
- Yellow colour coded endcap and cable to reflect the voltage (24-32VAC)
- Removeable hanging hooks
- Heavy duty PVC sheathed 6.0m lead with T-Pin plug
- Operating temperature range -20°C to +40°C
- Impact resistant rating IK07
- Environmental protection IP65
