

VERSA-LITE®

COMPACT SERIES PORTABLE HANDLAMP 12-24VDC

- Robust maintenance free construction
- Highly efficient long life SMD's with integrated extra low voltage driver
- Integrated endcap On/Off switch with LED power on indicator light
- Thermoplastic anti-roll finned end caps
- Advanced polycarbonate UV stabilised outer case with internal prisms and opal diffuser
- Oil, petrol and corrosion resistant
- Black colour coded endcap and cable to reflect the voltage (12-24VDC)
- Removeable hanging hooks
- Heavy duty PVC sheathed 6.0m lead with battery clips
- Operating temperature range -20°C to +40°C
- Impact resistant rating IK07
- Environmental protection IP65
