

# BAHCO®

## ***ERGONOMICS*** ***WHERE IT MATTERS***

### ***THE ERGO™ 1000V INSULATED PLIERS FROM BAHCO***

With serrated jaws, hardened teeth and extra large shoulders our 1000v insulated range of pliers works to IEC 60900 for live equipment.

The soft TPE layer over a strong PP handle make it easier to use, more comfortable to hold and significantly more functional. Reducing muscle tension and risk of accidents and injuries, while increasing job satisfaction, productivity and profitability.

IEC60900  1000V
